SMOKER IS SUCCESSFUL

The results of the "Smoker" presented by the B.A.A. on Wednesday night were determined by the morning after effects. There were no winners, but the next morning it looked as though a few of the boys came out on the wrong end of the deal.

George Jackson "suffered" with two black eyes and a "cauliflower" nose.

The boys net profit was about \$17. This money will go to finance the basketball tour.

PROSPECT LOSES TO EAGLE POINT

Eagle Point journeyed to St. Mary's Friday, Feb. 7 and came home on the wrong end of a 24-12 score. The Eagles played good ball, but had considerable difficulty in finding the basket. The score at the half was 16-9.

Tuesday night, February 11, the Eagles flashed the form which they had been threatening to show all season. They cut loose a terrific barrage of baskets in the last half to overcome a Prospect lead and defeat them 28-24. Willard Walch, senior guard, playing his last league game for Eagle Point teamed with Irving Haight in the Eagle Point basket bombardment when they tossed in twenty points between them.

REDSKINS DEFEAT LOGGERS, 30-24

Jacksonville won the county class B basketball championship in the Medford High School Gymnasium Monday night.

At the half the Jacksonville Redskins led with a score of 14 to 12. In the third quarter J'ville tallied 6 points to Butte Falls 2. At the end of the game the score stood at 30-24 for Jacksonville.

Offenbacker of Jacksonville led the scoring with 14 points.

In the battle for third place in the county conference, Rogue River scored a 42 to 20 victory over St. Mary's of Medford.

B.A.A. LEAVE ON BASKETBALL TOUR

The basketball team will leave this noon on a basketball tour to Wolf Creek and Canyonville.

Only eight members of the team will go---Willard Walch, Irving Haight, Buck Taylor, Charles Stanley, Gus Carlson, George Walker, George Jackson, and Dean Chamberlain. They will travel in Buck Taylor's and Mr. Bushnell's cars.

Friday night the team plays Canyonville and Saturday night, Wolf Creek. The latter team was the runner-up in the championship flight in Douglas County.

The boys will return home Sunday morning.

KILLING AN ORGANIZATION

Here are ten sure ways of killing any organization, they are too good not to print and too bad to be used in any organization.

So here they are and I'm hoping everyone will take my advice and not follow.

1. Don't attend meetings.
2. If you do, be sure to come late and then get mad when the other members have already started.
3. If the weather isn't just to your liking, don't even think of coming.
4. If you do attend meetings, find fault with the officers and the other members, and if things are not run your way be sure and get sore.
5. Never accept an office. It is easier to criticize than to do things.
6. Get sore if you are not appointed on committees. But if you are, don't go to committee meetings.
7. If asked by the chairman to voice your opinion, tell him you have nothing to say. Then, after the meeting, tell all the others how things should have been done.
8. Hold back your dues as long as possible--still better don't pay them at all.
9. Don't bother about getting new members--let the secretary do that.
10. Do nothing but what is absolutely necessary. But when the other members unselishly and willingly roll up their sleeves and go to work for the sake of the organization--for you--go and howl that the association is being run by a clique.

SOPH. 2 AMBITIONS

We intend to do the following when we get out of school:

Betty says that she doesn't have an ambition -- never did and never will have.

Walter intends to operate a roller coaster in a carnival. I'm told that's the way he drives.

Jean M. wants to be a farmer's wife.

Bill Short hopes to be a farmer. I wonder why???????

Margaret wishes to be a champion basketball, volleyball, and tennis player.

Elmer wants to sell bright colored shirts in a large department store.

Jean N. says she wants to be debutant number one. (With that flashing red hair she probably will be.)

Lowell hopes to be a second Clark Gable.

Bonnie wants to win a cup for her dancing.

Howard will probably be a boxer. (He's always picking on D.K.)

Dorothy wants to be the piano player on Major Bob's hour.

Jim S. says that he won't have an ambition if it costs him brain work.

Frances intends to be a newspaper photographer with an assistant of course.

Jim L. is going to spend the rest of his life trying to see that Walter isn't his teacher. (Literature for instance)

Leilla wishes to be the drummer in a girls' band.

Dean hopes to be a lumberman. (At least he talks that way now if talk means anything.)

Mildred wants to live on a deserted island. Oh Yeah!

Harry intends to go into the photography business with Frances.

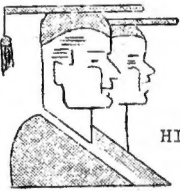

Sammy wants to be the drummer in Tommy Dorsey's orchestra.

MUSIC NOTES.....

Bodie Miller has bought a saxophone which he is trying to learn to play. The other day I heard him say, "Oh, what a noise!"

Walter Medley is learning to play the school's alto horn now.

The concert at Eagle Point is scheduled for the 28th of March. It will be put on in connection with the Freshman play.

IN GRAND OLD SWITZERLAND TO BE PRESENTED AGAIN

Since many of the students and people of the community have requested that the operetta, In Grand Old Switzerland, be given again, Miss Olson has decided to order more copies and to start rehearsals on it soon.

A shortage of boy soloists in high school will necessitate using the same people who played the parts before. Tryouts for the girls' parts are to be held this week.

Mrs. Campbell's House Burns

Last Sunday at 10:00 the fire siren blew loud and long. The fire truck rushed out of the shed and tore up the road. A second later it came tearing back. It was of no use out of the city limits as there are no fire plugs there. The news spread fast and soon cars of every kind were dashing up the road. The house on Mrs. Campbell's property near the Cooly Ranch was on fire. The roof was burning; but everyone helped and soon the fire was out. Lusks had saved their furniture and everything was safe. Mr. and Mrs. Lusk are moving to Nichol's place here in town. The house is being repaired.

I wish to thank the many friends who so kindly volunteered to put out the fire on my property last Sunday morning.

SIDE GLANCES

The opinions expressed here may or may not be the opinions of the staff.

There must be no particular advantage in a goatee because Ray Chamberlain and George Peachy got rid of theirs.

It is rumored that Mike Van Scoy has announced his engagement -----he is engaged in cleaning his fishing tackle.

Mrs. Chamberlain walked into the bank the morning after the Home Extension Unit Program and said to Mr. Young, "Here is the Aid money." Mr. Young misunderstanding her and thinking she said egg money answered, "The old hens did pretty well, didn't they?"

Among the Eagle Pointers who couldn't afford to miss the County basketball playoff was Shorty Miles. And here we thought all the time that he was for Chevrolet.

Martin Burke decided he wann't the type to type so he bobbed up in the geometry class.

Rowing Coach: "So you want to come out for the crew, eh? Ever rowed before?"

Freshman: "Only a horse, sir!"

SENCE AND NO-SENCE

With graceful feet a maiden sweet was tripping light fantastic when she suddenly tore for the dressing room door--you can never trust elastic.

Bushnell----I was sorry to see you come out of the saloon today
Gus Carlson----I couldn't help it, I had a class.

He who laughs last does not see the joke.

One evening in spring I decided to take a little Kimmel down by the old Millers. The moon as it rose gliso over the Chestnut tree seemed to enhance the beauty of the stars that gleamed like Dawson in the sky. As I continued on farther, I was taken by surprise to see Kelly and Carlson playing a soft Medley Gee whiz! and on further inspection I saw that Walker was Walching again and Perry and Gushman were dancing to the latest Charley-ston. I was almost inclined to join the happy group. Remember the old saying---In the spring a young man's fancy light- turns to thoughts of love.

Thoughtfulness for others, generosity, modesty and self-respect are the qualities which make a real gentleman. Huxley

SENIOR NEWS

Martha Abel is still absent from our classroom. She has been spending several days visiting her brother at Sacramento, California. The rest of us are dizzy because of the awful jumble of work we have ahead of us. The paper, the annual, and the senior program are taking so much of our time that some of our subjects are beginning to suffer. Speaking of the senior program, it's to be presented in the school gym February 27. The program is going to be very unusual and entertaining. Eddie, Sandy, Lucille, Joan, and Audrey are preparing humorous readings for it and Miss Olson plans to give a dramatic reading. There will be many other interesting spots on the program too.

A most amazing thing has happened in the senior economics class. Willard Welch got a one on his test. Joan, Reva and Martin got very good grades too, so they were allowed to skip the next class while the other seniors had to take the test over again.

EAGLE-I IS TAKING FORM

Work on the Annual has been started in a big way, and the Editor, Lucille Vieaux, has made several plans.

Because the name of the Annual is the Eagle-I, the general theme to be followed throughout the book will be the Eagle.

The newly organized camera club will take the pictures and also transfer them to the pages of the annual. Special sensitized paper will be used.

The exact size and price of the ads has not been determined, but it is probable that they will be sold by the square inch. The goal for advertising has been set at \$75.

The various sections are being given to different people, and it will be their privilege to fix them any way they want to. This should lend variety and many new and original ideas to the annual.

All of the students who have received diplomas from this school are being contacted. Each person's name will appear in the Annual along with interesting information about him. This work is being done by Edith Hoeft, Secretary to the Annual Staff.

The representative from the Master Engravers called at the school on Tuesday. The paper and cover was ordered for the Annual. The cover will be blue with gold letters, and the pages will have an Eagle symbol on them.

SKATING PARTY PLANNED

The Jacksonville High School has invited our high school to join them in a skating party. The proprietors of the Modford skating rink have offered to let us have the rink to ourselves. The date has not, as yet, been set, but we feel sure it will be soon and the students are looking forward to this event with plenty of enthusiasm.

EXTENSION UNIT PRESENTED PROGRAM

Thursday evening, February 13, the Home Extension Unit presented a program. There were three skits and several musical numbers. Mr. Hay and Miss Corey gave a skit about the housewife and traveling salesman. Mr. Hay's many changes of costumes kept the audience in gales of laughter. Dorothy Young and Leilla McGraw presented another skit called "Memories." The third skit was given by the ladies of the Club and Billy Young.

After the program refreshments were served, and the "Spinsters" and Earl Richardson entertained with music.

The program was given in order that the Home Extension Unit might send a delegate to the conference in Covallis.
